## **RCRC Independent Review Board Launches SafeSync™ Online Submissions**

*RCRC announces new technology – SafeSync™ Online Submissions System*

Austin, Texas – February 2, 2010 -- RCRC Independent Review Board, providing ethical review services for greater than 20 years, announced the launch of SafeSync Online Submissions, a WEB-based IRB document submission system for clinical trials. SafeSync enables sponsors, study managers, and investigators a more efficient and secure document submission delivery system.

“SafeSync allows RCRC’s clients to submit highly confidential clinical trial information and related research documents using a simplified, rapid and secure system. The system utilizes a 256-bit public key encryption and allows delivery of multiple, substantial-sized documents,” stated Priscilla Short, RCRC Executive Director.

RCRC is a fully accredited, leading provider of professional IRB services, providing IRB review for pharmaceutical, biotech, and medical device clients nationwide. RCRC provides ethical review for all phases of research in a variety of therapeutic areas and has extensive experience in single-site trials, multi-site trials and mega trials. RCRC offers two weekly review board meetings and a 24-48 hour turnaround time. For further information visit [www.rcrc-irb.com](http://www.rcrc-irb.com).
